Every head is turned  
Eyes opened wide  
Look what just walked in tonight  
What I left behind  
What I never intended to find  
Is hunting me, killing me  
Can't get you out of my mind

Baby Blue Eyes, the way that you walk in the room  
I could leave off your smile  
All this time your stealing me, breathless like he used  
to

Baby Blue Eyes, I can not I can not get enough of you  
Does it matter, how long it's been  
In the end I still leave you

A reason of you brings me to my knees  
I can't escape what I need  
I'm fully aware he looks but don't touch  
But honey you're teasing me, hanging it,  
Braving your love

Baby Blue Eyes, the way that you walk in the room  
I could leave off your smile  
All this time your stealing me, breathless like he used  
to

Baby Blue Eyes, I can not I can not get enough of you  
Does it matter, how long it's been  
In the end I still leave you

Was it so hard for me to just resist your love?  
Tell me why am I always, always longing for your touch  
Tell me how can I get you alone for just one night

Baby Blue Eyes, the way that you walk in the room  
I could leave off your smile  
All this time your stealing me, breathless like he used  
to

Baby Blue Eyes, I can not I can not get enough of you  
Does it matter, how long it's been  
In the end I still leave you
