Excuse me for this  
I just want a kiss  
I just want to know what it feels like to touch  
Something so pure  
Something I'm so sure of  
What it feels like to stand outside your door  
I'm unworthy  
I can see you're above me  
But I can be lovely given the chance

Don't move  
I want to remember you just like this  
Don't move  
It's only a breath or two between our lips

I know why you left  
I can't blame you myself  
Must be hard living with ghosts and such an empty  
shell  
I tried to warn you  
I've been a mess since you've known me  
I can't promise forever  
But I'm working on it  
If I can't hold you  
Can I give you a kiss  
Can I have a kiss

I see that you're torn  
I've got some scars of my own  
Seems I want what I know is gonna leave me hungry

Don't move

I need to remember you just like this

I know why you left  
I can't blame you myself  
Must be hard living with ghosts and such an empty  
shell  
I tried to warn you  
I've been a mess since you've known me  
I can't promise forever

But I'm working on it  
If I can't hold you  
Can I give you a kiss  
Can I

All I have  
All I can give to you I will  
Just promise this  
If I can't have forever  
Can I have a kiss

I know why you left  
I can't blame you myself  
Must be hard living with ghosts and such an empty  
shell  
I tried to warn you  
I've been a mess since you've known me  
I can't promise forever  
But I'm working on it  
If I can't hold you  
Can I give you a kiss  
Can I give you a kiss  
Can I, can I  
Can I have a kiss
