I gotta tell you, I am so happy  
To get to sing with you tonight  
But the song we're gonna sing  
You stole my man, okay  
And I'm not happy about that  
Alright she did, oh well

I've known about you for a while now  
When he leaves me, he wears a smile  
Now as soon as he's away from me  
In your arms is where he wants to be

But you're the one he rushes home to  
You're the one he gave his name to  
I've never seen his face in the early morning light  
You have his mornings, his daytimes  
And sometimes I have his nights

But does he love you? Does he love you?  
Like he loves me? Like he loves me?  
Does he think of you? Does he think of you?  
When he's holding me?

Does he whisper, does he whisper?  
All his fantasies  
Does he love you? Does he love you?  
Like hes been loving me?

But when he's with me  
He says he needs me  
And that he wants me  
That he believes in me

And when I'm in his arms  
How he swears there's no one else  
Is he deceiving me?  
Or am I deceiving myself?  
Am I deceiving myself?

Does he love you? Does he love you?  
Like he loves me? Like he loves me?  
Does he think of you? Does he think of you?

When hes holding me?

Does he whisper? Does he whisper?  
All his fantasies?  
Does he love you? Does he love you?  
Like he's been loving me

Ooh, shouldn't I lose my temper?  
Ooh, shouldn't I be ashamed?  
'Cos I have everything to lose  
I have nothing to gain

Does he love you? Does he love you?  
Like he loves me? Like he loves me?  
Does he think of you? Does he think of you?  
When he's holding me?

Does he whisper? Does he whisper?  
All his fantasies?  
Does he love you? Does he love you?  
Like hes been loving me

Ooh, does he love you?
