Yes I stumbled into the night
We're touching but I feel like you are still out of reach
The people here are buzzing like a bug on a light
I'm feeling like I always see them, but they can't see
me Sentimental feelings
Never get me anywhere
My heart continues beating
Is there anybody, anybody? Hello, hello
Is anybody listening?
Let go! As everyone lets go of me
Oh oh, won't somebody show me that I'm not alone, not
alone Yeah I'm coming through this desert of stone
These faces on the statues that I used to know
Wishing I was more than what my story has told
Or hoping that I'm dreaming in the day and this isn't
happening Gotta keep it all together
Longing for a hand to hold
Keep clear on the shadows
Is there anybody, anybody? Hello, hello
Is anybody listening?
Let go! As everyone lets go of me
Oh oh, won't somebody show me that I'm not alone, not
alone Holding on to the memories of when I, I didn't
know
Ignorance isn't wise but it beats being alone Hello,
Is anybody listening?
Let go! As everyone lets go of me
Oh oh, won't somebody show me that I'm not alone, not
alone Hello,
Is anybody listening?
Let go! As everyone lets go of me
Oh oh, won't somebody show me that I'm not alone, not
alone
