Just woke up and thought I'd try
Try to step across the line
You know that I've been thinking 'bout it for a while
Yeah
Starting to think it's time I leave
Does me good to know I finally feel
Feel this pain, it's real, it's possible

(You say)
Can't change the winds, you say
Won't matter anyway
Can't reach that far
Cause it's impossible (it's impossible)
Can't rise above this place
Won't change your mind, so I pray
Breaking down the walls to the impossible (it's
impossible)

Walking by myself I know
This lonely road's becoming my new home
But I don't stop
I just keep moving on, and on
Ain't no need to dry my eyes
I haven't cried in quite some time
Everyday I fight it,
You know it's possible

(You say)
Can't change the winds, you say
Won't matter anyway
Can't reach that far
Cause it's impossible (it's impossible)
Can't rise above this place
Won't change your mind, so I pray

Breaking down the walls to the impossible (it's
impossible)

Someone tell me why
It's so hard taking chances
You draw the line and think that
I won't ask for more

Yeah
I will stumble and I'll make my own mistakes
Yeah
But I won't worry about it anymore
It's impossible

(You say)
Can't change the winds, you say
Won't matter anyway
Can't reach that far
Cause it's impossible (it's impossible)
Can't rise above this place
Won't change your mind, so I pray
Breaking down the walls to the impossible (it's
impossible)

It's impossible to you
Not impossible for me
Not impossible for me

Can't rise above this place (impossible to you)
Won't change enough, so I pray (not impossible for me)
Breaking down the walls to the impossible (not
impossible for me)
(it's impossible)

Just woke up and thought I'd try
Try to step across the line
