### "Love In These Eyes"

Somewhere in the night, there is darkness, there is  
light  
And I'm reaching within to find where the sadness ends  
Cause maybe then I'll know why I always feel alone  
I need something to hold something to call my own

Find a wishing well or a shooting star  
Find a fairytale that takes me so far  
Away from here I just want to feel more

Cause I've been waiting all my life  
For a fire to burn and a lesson to learn  
Nothing ever turns out right  
But I'll still believe that someday I'll see that  
It's never too late to find  
Love in these eyes  
Love in these eyes

Sometimes I get tired  
It's like this road goes on for miles  
And nobody knows how hard it is to smile  
Smile

Find a wishing well or a shooting star  
Find a fairytale that takes me so far  
Away from here I just want to feel more

Cause I've been waiting all my life  
For a fire to burn and a lesson to learn  
Nothing ever turns out right  
But I'll still believe that someday you'll see that  
It's never too late as long as it takes  
It's never too late to find  
Love in these eyes

Someday I'll look in the mirror  
And staring at me  
Will be the person I am  
And the person that I always thought I could be

Cause I've been waiting all my life  
For a fire to burn and a lesson to learn

And nothing ever turns out right  
But I'll still believe that  
Someday you'll see that  
It's never too late as long as it takes  
It's never too late to find  
Love in these eyes

Love in these eyes, in these eyes  
*[repeat]*
