Lately I just don't... everything
But some secrets I meant to keep
So rest and sure that I ain't listening
I keep my head down so I can't see anything
What I don't know can't hurt

Chorus

Cause you are my escape from everything
In this place be my holiday
Love it and...
You are my escape
You are my escape
... just like the movie

Some say that ignorance is best
Well I am the one to disagree
If there ain't love...
Lately I just don't... everything
But some secrets I meant to keep
So rest and sure that I ain't listening
Close the door and keep on continuing
But I what I don't know can't hurt

Cause you are my escape from everything
... everything
I am in this place... love it...
You are my escape oh nu
You are my escape
Let's keep it just like the movie

You are like a good book I get lost in
The perfect place to run and hide away
Don't wanna pressure you to the next chapter
Cause I don't know how it ends

Chorus

Cause you are my escape from everything
In this place be my holiday
Love it and...
You are my escape
You are my escape

Let's keep it just like the movie
