#### **"Naked Eye"**

Saw it with my naked eye  
Seeing is believing  
Funny when you realize  
You gotta stop feeling  
Watched you leave my side  
When it really matters  
Watched your straight face lie  
Saying it'll be alright, it's alright

Can't take back what you can't change  
Can't fix whats more than broken  
Can't tell me paranoia's to blame  
I saw it with my naked eye  
My naked eye

Saw it with my naked eye  
I'm losing a battle  
Were you ever on my side  
It's never been settled  
Watched you fall way side when it really mattered ??  
What you waste my heart you know it's not alright  
alright

Can't take back what you can't change  
Can't fix what's more than broken  
Can't tell me paranoia's to blame  
I saw it with my naked eye  
My naked eye

Hands are red (it's too late now)  
Words so cheap (it's too late now)  
Broken promises (it's too late now)  
Breaking me

Can't take back what you can't change  
Can't fix whats more than broken  
Can't tell me paranoia's to blame  
I saw it with my naked eye  
My naked eye  
My naked eye

My naked eye
