1- Use to think that true happiness had passed me by
Tried to ignore the loneliness...kept me up thru the
night
Until the day i saw your face, what a site to see
That heaven saved the best for last...and sent you to
me
I thank the stars above for guiding you home
Now I'm never letting you go

Chorus

No Way No How will I ever change my mind and say
good-bye
I know I finally found what I've been waiting for
Right here right now beyond the shadows of dark
I know that your the one and ill never leave your side
NO WAY NO HOW

2- I made mistakes in love before and I've paid with my
tears
Tossed in the sea of emptiness...seems the storm
would not clear
And then you came and rescued me and you jumped
right in
You made me safe with your tenderness and warm with
your kiss
So glad you grabbed my hand and pulled me to shore
I can never ask you for more

Chorus

No Way No How will I ever change my mind and say
good-bye
I know I finally found what I've been waiting for
Right here right now beyond the shadows of the dark
I know that your the one and ill never leave your side
NO WAY NO HOW

You brought back the meaning to my life
Turned darkness into light...
My soul was feeling lost but now I'm found
I believe in miracles again...that true love wont end
So listen to the words that I vow.....

No Way No How will I ever change my mind and say
good-bye
I know I finally found what I've been waiting for
Right here right now beyond the shadows of (the
down)?
I know that your the one and ill never leave your side
NO WAY NO HOW

and ill never leave your side no way no how
