Nothing's changed here
It's like you never left
I kept everything the same
Even left your socks at the end of the bed

Everyone keeps telling me
You're not coming back
But for my sanity I'm holding on
It's the only thing I have

I can't let go of your memory baby
Always in my head, oh

It's the only thing that keeps me going lately
Since you left
Oh suddenly I can't remember

What happened here?
Why did you leave?
Are you coming back home?
Are you coming back to me?

Can you hear me calling?
Can you still feel my touch?
Won't you find your way back home
Back to me my love

Still feel your footsteps
Coming down the hall
I still feel you next to me when I know you're not there
I'm so lost

Without you I don't smile
Without you I don't laugh
I don't feel at all, no

Without you I don't care
Without you I'm scared
When I'm trying
I can't remember

What happened here?

Why did you leave?
Are you coming back?

What happened here?
Why did you leave?
Are you coming back home?
Are you coming back to me?

I'm tired of crying all night long
I used to be so strong
My foolish heart was wrong

I try too hard just not to picture you
But everyday I do
Lord I do
Everything reminds me of you

What happened here?
What happened here?

I can't let go of your memory baby
Always in my head, oh

It's the only thing that keeps me going lately
Since you left
Oh suddenly I can't remember

What happened here?
Why did you leave?
Are you coming back?

What happened here?
Why did you leave?
Are you coming back?
Are you coming back to me?

What happened here?
Why did you leave?
Are you coming back?
