You said you'd be here
Well I've been waiting way too long now
And still there's no sound of you in the distance
If you're even coming
I'm through praying
I keep getting guys busy line

You said you'd be here
But don't worry baby
You're not the first dissapeared

Where are you now?
Where are you now?
Just when I crumble
Now that I'm falling down
Where are you now?
Where are you now?
Now that I need you the most
Just when I thought I was home

Well I've gotton use to it
I Don't ever miss you
Can't remember why I've been crying
I don't feel it anymore
I'm so used to seeing that damn dark clouds

Where are you now?
Where are you now?
Just when I crumble
Now that I'm falling down
Where are you now?
Where are you now?
Now that I need you the most

All your letters and
All your kisses and
All your words
They don't mean anything
All my thoughts and
All the time we spent
All those memories

I'm erasing
With all my heart and soul
I'm all out of hope
I guess I'm trough lying to myself

'Cause you said you'd be here
I'm looking around
And you're nowhere near baby

Where are you now?
Where are you now?
Just when I crumble
Now that I'm falling down
Where are you now?
Where are you now?
Now that I need you the most

You're holding somebody else...
Just when i thought i was home...
