I see how you're tryin' to  
Weasel your way and boy I  
Know how you maneuver  
With your, your confusion

You tell me that I'm your only  
And how bad that you want me  
Then why are you so shady?  
If I'm supposed to be your lady

Why should I believe?  
Anything you say  
And how could you shame me  
That way?

Tell me where  
Where'd you get the nerve  
To even think that you  
You could play me, boy?

You thought we didn't know  
You thought we were in the dark  
But boy your cover's blown  
'Cause we both know now

You thought you had us both  
At your beck and call  
But now who's the joke?  
And look who's laughin' now

Now you're tryin' to use us, a  
Against one another but it won't work  
I see right through your game, boy  
And I know exactly what I came for

You, you try to deny all your actions  
For once in your life be a real man  
At least give me the proper respect of  
The truth I already know you did it

Why should I believe?  
Anything you say

And how could you shame me  
That way?

Tell me where  
Where'd you get the nerve  
To even think that you  
You could play me, boy?

You thought we didn't know  
You thought we were in the dark  
But boy you're cover's blown  
'Cause we both know now

You thought you had us both  
At your beck and call  
But now who's the joke?  
And look who's laughin' now

I see right through you, baby  
Tried to tell me you want me  
Can't you just get it through your  
Get it through your thick, thick, thick, thick head?

'Cause I've seen this game before and  
I'm showin' you the door so  
Shut your mouth  
I'm not tryin' to hear your lies no, not again

Oh no, not again  
Sorry, you couldn't be a better man  
Oh oh oh  
No no no no no

You thought we didn't know  
You thought we were in the dark  
But boy your cover's blown  
'Cause we both know now

You thought you had us fooled  
At your beck and call  
But now who's the joke?  
And look who's laughin' now

Guess you thought wrong  
Look who's laughing now
