Everything is good these days
But all of my friends are dying
Davy may and Lisa may
But nobody else really wants to stay
Nobody else really wants to stay

Open the door
Open the door
I can't stay here anymore
Open the door
Open the door

Candle light the streets at night
Thinking you're wrong but you know you're alright
Thinking you're wrong but you know you're alright

Open the door
Open the door
I can't stay here anymore
Open the door
Open the door

Everything is good these days
But all of my friends are dying
Careful when you say goodbye
Careless is and careful tries

But careful lives and careless dies

Open the door
Open the door
I can't stay here anymore
Open the door
Open the door

Open the door
Open the door
I can't stay here anymore
Open the door
Open the door
