They'll only keep you  
As long as they need you  
That door has a lock  
But I didn't know

I only see you  
When they say I can  
That door has a lock  
But I didn't know

I didn't know  
I didn't know you  
I didn't know  
I didn't know you

You only keep me  
As long as you need me  
Your heart has a lock  
But I didn't know

I only see you  
When you say I can  
Your heart has a lock  
But I didn't know

I didn't know  
I didn't know you  
I didn't know  
I didn't know you
