Brother brother brother,
no matter who's right and who is wrong
just want you to know my love's still strong
I wrote you a prayer with this song

BROTHER OLDER BROTHER,
you told me you broke up with your wife
there's been so much suffering in your life
thanks to the grace from above your humbled heart is

all loved ones die
yes I pray that we're rejoined in the afterlife

Brother brother brother,
your baby boy has he's mothers eyes
with the love of you both he'll be strong and wise
once his muscles are grown you'll be running side by
side

Brother younger brother you and your fiancée are one
I'm sure the fruits of your love will be passed on
to the beautiful children still to come

Oh I pray for you 'cause someday
all loved ones die
yes I'll pray that we're rejoined in the afterlife

Father father father,
Oh I love you with all my heart
you've done an amazing part
all the angels will come when you're ready to depart

Sisters all my sisters,
I didn't forget you, don't get me wrong
I'll express my love for each single one
in the future to come exclusive song

but in the mean time

Oh I pray,...
