Visit "[Every Baby](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Dodo, dodo, dodo, dodo  
Dodo, dodo, dodo, dodo  
La da da da da da da  
Every baby needs a mama, needs a papa  
Close at hand  
Every baby needs a mama, needs a papa  
To hold their hand  
I look in the eyes  
Of a beautiful child  
They tell me more than words  
He reaches his hand  
And cries for something  
Oh I'll give himm all I have  
Every baby needs a mama, needs a papa  
Close at hand  
Every baby needs a mama, needs a papa

To hold their hand  
Birdies on the window  
See the birdies on my window  
If I could fly oh babe  
then I would fly, ooh ooh oh  
Believe in me, yeah  
I'm holding his hand  
And giving my love  
Through happiness and sorrow  
And in no time  
He'll be a big boy  
Oh what a wonder of love  
Every baby needs a mama...  
Close at hand  
Oh little baby you're not alone
