Everybody, everybody

Joe walks on the tips of his toes
to hide his pinnochio nose
peaks into a window of a bar
to watch them smoking cigars

year they're all smoking cigars
pam's got the teeth og a shark
she only smiles in the dark
so she asked the mirror on the wall
am I the ugliest of all?
am I the ugliest of all?
and the mirror said: "hey...

shala lala la la la lala
shala lala la la la lala
shala lala la la la la la
everybody is beautiful"

just like the bauty'n'beast
most wanted dance with the least
no need to judge or to blame
'cause we're all mentally insane
yeah, we're all mentally insane

but the mirror says: "hey...
shala lala...
everybody is beautiful"

somebody get me some water
somebody get me some water
somebody get me some water
'cause I can sleep no further tonight...

the mirror says: "hey...
shala lala...
shala lala...
everybody is beautiul"
