Maximum, maximum, power on my side  
But it's minimum, minimum without you  
Maximum, maximum, power on my side  
But it's minimum, minimum without you

It's my therapy you can never understand  
What it means to me I'm an Ironman  
It's my therapy it's a battle inside of me  
It's a battle I fight for my family

Chorus

It's my therapy it's my way of curing me

It's my recipe for my liberty  
It's my therapy it's too hard to understand  
What I'm going throu' I'm a happy man

Chorus

Chorus

But it's minimum without you
