"Nothing Like Home"

I remember running free as a bird
All through my childhood long years
My memory's sweet as the song in the wind
Of those who took care of me

Chorus:
Home nothing like home
Nothing like a beautiful home

Home nothing like home
Nothing like a baby in mama's arms
Everybody needs and wants a sweet home
These are our human desires
How come some get it and some don't at all
Call it injustice of life

Chorus

Home by the sea
Nothing like a child when running free

Chorus
