Hey listen buddy have you gotta dime for a cup of
coffee?
'Cause my body is feelin' kind a cold out here in the
boulevard.
When I was barely five years old I used to go out with
my friends.
We would do any little thing just to take in a little cash.

CHORUS:

All I want is one more freakin' dollar.
All I want is one more freaking dollar.

An example: One day me and my pals we went to the
rich part of town.
Where we picked up left-overs and filthy-stinky trash.
So tell me what 'ya got to give me?
'Cause my pants and shoes are torn apart.
So help me I know that you can.
Anything is better than nothing.

CHORUS

I keep lookin' for some money in my pocket.
There's always nothing there.
But something tells me, one day I'll be famous.
Oh, I'll throw it in the air, say.

CHORUS

Hey listen buddy have you gotta dime for a cup of
coffee?
'Cause my body is feelin' kind a cold out here in the
boulevard.
When I was barely five years old I used to go out with
my friends.
We would do any little thing just to take in a little cash.

CHORUS
