Pick up yourself Joe  
Tell all the rest there is a way out  
If you want to get out  
Help me out  
Everybody thinks he knows the way out  
But nobody dares that's why we're  
stuck in the ground  
Help me out

Staying alive with a trigger in your  
head  
Staying alive with a trigger in your  
head  
Welcome, welcome to the real side  
of life

Everybody's smiling, nobody's  
crying  
But everybody's kniving everyone  
from the back  
Wake up little boy  
'Cause you're living in your dreams  
Open your eyes to the real side of  
life

Staying alive with a trigger...

I try to be good (yes you are)  
But no one seems to care (oh here

he goes again)

The harder I try (you never tried)  
The more they try to break me (you  
never tried anything you)  
I try to be good (oh here he goes  
again)  
But no one seems to care  
The harder I try (I told you to do  
what they told you)

The more they try to break me (you

damn kid)  
Welcome, welcome to the real side  
of life

Is it dope you want or is it a gun  
you want  
You spell out what you want  
And then I'll get you what you  
want  
I want it all and I want it now  
I'm gonna go ahead and grab it all  
Just for myself

Staying alive with a trigger...
