I'm sitting here all alone I'm sitting with nowhere to go
Our days start to spin round so just let me know

Why I should fight battles I have lost the will to face
I'm tired of all the trouble as we fall from grace

I'm longing for another moment to live life a little closer
Don't give up it's hard enough and you know

If we could try for a day we'd find all would change
I won't live running away as I've got nowhere to go from
here now
yea I've got nowhere to go

Remember when we'd come upon the best of all our
days
We've got to stop thinking let's leave it all to fate

I'm longing for another moment to live life a little closer
Don't give up it's hard enough and you know
If we could try for a day we'd find all would change
I won't live running away as I've got nowhere to go

But I'm finally ready to show
That we could have it all that we could have it all
Yea I'm finally ready now Yea I'm finally ready now my
love

Still I'm sitting alone

So try for a day and find all will change
I won't live running away I've nowhere
So try for a day and find all will change
I won't live running away as i've got nowhere to go
But i'm finally ready to show that we could have it all
I've got nowhere to go just nowhere to go
