The lifeless parts of me seem to be alive

You've inspired me to be a better person all around
I bet you have no idea how much that means to me
A kiss from you would be an honest answer

Stop the time
Oh God, please stop this world from spinning
I prayed so hard this night would never end

So tell me why you won't reply to my most intriguing
lines
It's telling me you're scared but you won't be hurt no
more
In a few short hours you'll be braving through
cascading mountains
But come to think of it you're not that far from me
And if I'm gonna make a move I'm gonna make it now

Stop the time
Oh God, please stop this world from spinning
I prayed so hard this night would never end
Though it's not exactly what I was expecting
I couldn't ask for more from anyone
