Holla

So all my girls in the back say hoo  
'Cause you know just how we do  
Side to side, and front to back  
If you ain't taking that  
(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)  
For satisfaction, you really need  
To get your own things trying  
(Holla)

Ooh, this beat is hot, tonight it's on  
I'm felling sexy, I want to be in control  
Handle on my business, I'm not afraid  
I'm doing nothing and I'm doing this

So all my girls in the back say hoo  
'Cause you know just how we do  
Side to side, and front to back  
If you ain't taking that  
(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)  
For satisfaction, you really need  
To get your own things happening  
(Holla)

Ooh, I know you like, what you see  
Are you sure, you want to stick to me?  
Hop in my Jag, baby, we could go  
Just remember, you gotta keep it on the low

So all my girls in the back say hoo  
'Cause you know just how we do  
Side to side, and front to back  
If you ain't taking that

(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)

We roll down one way, we push down straight  
When we pull up in the club my boys pop in  
We independent, we don't need it  
But we take what you got  
We all hot outside, so hit the top on the drop

I'm understanding, you can stand me  
'Cause I'm so outstanding  
Fools demand me like I'm candy 'cause my body's  
I'm always fly, always shine, always grind  
More than a dime and don't even try

So all my girls in the club say hoo  
'Cause you know just how we do  
Side to side, and front to back  
If you ain't taking that  
(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)  
For satisfaction, you really need  
To get your own things happening  
(Holla)

So all my girls in the back say hoo  
'Cause you know just how we do  
Side to side, and front to back  
If you ain't taking that  
(Holla)

For satisfaction, you really need  
To get your own things happening  
(Holla)  
For satisfaction, you really need  
To get your own things happening  
(Holla, holla, holla, holla, holla)
