[LL Cool J Talking]

Yo, yea, aight after this particular practice run  
I'ma practice both verses, after this, I want you to find a  
spot  
That's close to when the beat drops to the rewind point,  
locate point  
You ain't gotta be on that all night, this the soundtrack  
Yo, Yea, Check it  
ok, alright, huh ok

[Verse 1]

The other night I was up at Farmers, politican wit some  
bloods  
They told me "yo L, in the streets you aint gettin no  
Love  
And Ever since the X's and the Jiggas came out  
my niggas aint tryin to the hear that smooth shit you  
talk about  
What's Up wit that cat Canibus, some played you out  
Why you didn't answer back correctly, fuck was that  
about?"  
as I sip on some henny, and try to explain some things  
about the life of a legend, and all the Drama it brings  
been gone a long time, had a lot of shit on my mind  
I decided I don't want to reach my goal if it means  
losing my shine  
Streets is Hip-hop and I'm Hip-Hop, so the streets is  
Mine  
Ballin' as long as you been livin', that's a long time  
Hard to Stay hungry when your pockets are so fat  
You hit a hot one in every city on the map  
And niggas keep sleepin' and you keep coming back  
You know better than the gat, but niggas still wanna  
clap

[Chorus-2x][Ja Rule]

It feels so good to be back Where I Belong  
The Streets is Where I Belong  
They Had me locked down much too long  
Hey Hey

[Verse 2]

Some Say "L that's cool, but see times have changed"  
Niggas got red bandanas, and the grill in the range  
That gold shit is dead, niggas rock platinum chains  
Trade O.E. for Henny, Colt 45 for champagne  
Hustling niggas found they way into the game  
Extorting all these so called ballers wit big names  
And you gotta have a squad, cuz running from Def aint  
safe  
I know you living good, but aint no smile up on our face  
I'm like a villain, I'm representing on my lyrics  
and force feed the world, even if they don't want to  
hear it  
As far as Canibus go, my man is hittin' his ex-broad  
I'm getting head from his new piece  
While 20 gang-bangers applaud, you came up with that  
bullshit  
Some heads sucked it up, then you dropped that  
garbage album  
And Totally fucked it up, I coulda told ya I knew your  
moms  
From the after-hours spot, when I used to be up in  
Canada  
With the dreads on a black block, before you dick rode  
Lost Boyz  
For a ticket our to Jersey, but being the man I am  
I tried to show ya mercy, I coulda told the World  
The way ya label hates your guts  
And how me and Wyclef, got together to set you up  
And how he gave me half your budget, don't believe  
me look it up  
Ya A&R promotion niggas, they helped me hook it up  
I hate to be responsible, for destroying your career  
A one-hit wonder, huh  
No Wonder you disappeared, I coulda told the world  
You get your lyrics from the internet  
Then spit 'em word for word  
Like you really a rap vet, How you take metaphors from  
books  
And put 'em in your rhyme, and how you really from  
Canada  
And you been frontin' all this time  
I heard your second album, that shit is garbage too  
LL Cool J and I did this to you  
On that note he said  
"Yo L, you the man", I said peace, one love  
And Drove off in the Lex Land

[Chorus- 2x]

[LL Cool J talking]

Yea nigga, the jig is up nigga, huh ha  
You know what I'm sayin?, all that bullshit you was  
talking  
Dont mean shit, you finish now  
I'm still the man nigga  
the vanguard award is in my motherfuckin living room  
You know what I mean? come get that shit, fuck, what  
MIC still on my arm nigga, word up  
Both arms, I'ma get another one nigga  
You Know what I'm sayin, this LL you know how I get  
down  
You should of known, when you did it  
He probably did it to get some fame  
but is this really what you want? Hahahahahahaha
