10,000 hours to go
Before we're kicking it all night
Feels like my mind will explode
If we don't bust it out tonight, tonight, tonight

Well, the daytime's gone now
Fuck that bullshit
Need to relax
Get my head straight
Put my face on
Shove my hair up
My ass is in gear and now

Everything's alright
Everything's alright
Everything's alright
Everything's alright

Grab all my shit and just go
I got no worries feeling fine
Pull up to this spot that I know
And now I finally feel alive

Well, the room's all full now
People crushing
Noise is hurting
Ears are humming
My back's sweating
I'm losing my mind
I'm losing my mind hard

Everything's alright
Everything's alright
Everything's alright
Everything's alright

Now lights are swimming
Stomach's heaving
Bed is spinning
Crotch is itching
Hands are feeling
Legs are kicking

And now, now, now

Everything's alright
Everything's alright
Everything's alright
Everything's alright
Well, c'mon
