Turned the page between the lines  
I could read it so clearly  
And every word so defined  
Turned my heart to weary

Pressed against an ear to wall  
Everyone kept on racing  
My eyes were closed, my mind was shut  
But I could feel my body pacing

I think I'm falling  
I think I'm falling

I can't wait to be back home  
A feeling you will never know  
I can't wait to be alone  
It seems like it was so long ago

All this time from day to day  
The minutes pass, you're still waiting  
I bare the pain the final frown  
Constantly still knocking

Everything is so obscure  
It's hard to tell but I'm living  
The thrill is gone but after all  
If looks could kill, I'm still breathing

I think I'm falling  
I think I'm falling

I can't wait to be back home  
A feeling you will never know  
I can't wait to be alone  
It seems like it was so long ago

I never knew there were stranger shades  
Fading fast from night to day, I never knew

I can't wait to be back home  
A feeling you will never know  
I can't wait to be alone

It seems like it was so long ago

I can't wait to be back home  
I think I'm falling, I think I'm falling  
I think I'm falling home
