It's time to tell the truth to anyone who cares to know
what brought him to this point
Curled up into a ball, his thumbs the only things that
could break his fall

Almost out of air, far beyond repair, doomed
The time is wearing thin, the technicolor's gone
See it all now in black and white

So now, please, it's your last drop of air
So now, breathe, and take your very first
Breath of water
Allow yourself this one
Breath of water
Allow yourself this one
Allow yourself this one last breath

He ran away from home, leaving a trace for friends to
hunt and find him in the snow
But a scent is not enough, and we're barely sure he's
strong enough to survive the cold

Almost out of air, far beyond repair, doomed
The time is wearing thin, the technicolor's gone
See it all now in black and white

So now, please, it's your last drop of air
So now, breathe, and take your very first
Breath of water
Allow yourself this one
Breath of water
Allow yourself this one
Allow yourself this one last breath

I'd rather spare the truth from anyone who cares to
know exactly how we found him
But it's time to share the truth with anyone who cares,
he goes out too deep alone

So now ...

...breath of water

Allow yourself this one
Breath of water
Allow yourself this one
Allow yourself this one
Allow yourself this one last breath

Water, breath of water, breath of water, water, water,
water, breath of water
