#### Verse 1

How many times  
Are you going to apologize about the same thing  
And how many times can I take it back  
When I'm not the one's that doing wrong  
(When I'm not the one's that doing wrong)  
I thought maybe if I started praying  
That we get better but  
When I would pray the answer would always come  
Back to me being  
But we are so hardheaded when we're in love  
So I

#### Chorus:

I told myself that I would make some changes (yeah)  
But the more I change  
There's one thing that remains the same (remains the same)  
I can't seem to shake you (shake you)  
You really seem to have a hold on me  
And every time that we break up  
We turn around and make up  
This can't go on now  
I got to move on now  
It's not the fact that I don't love you no more  
But I got break this bad habit  
Can't take this bad habit no more

#### Verse 2:

I'm totally out of my element  
Learning new ways to live  
While you're in a comfort zone  
Not even thinking (you couldn't think about me)  
To call me, when I get mad you're buying me gifts  
Thinking it's going to solve every issue  
From the girl calling my phone (phone)  
To the pictures that I saw (you know what I saw)  
And every time you would break with me for nothing at all  
I've taken all I can take (I've taken all I can take)  
But the way I live has got to change  
(Chorus)  
Bridge:

Let me break it down  
Have you ever loved somebody?  
So much that you was just too blind to see, past  
All of the pain they was causing you  
Ladies do you feel me (do you feel me)  
Have you ever loved somebody?  
So much that you went against the right things that you  
should do  
Then it's time to make a change  
So I  
(Chorus Out)
