I bet you think that didn't keep it  
I know game when this coming on my G man  
Boy but you're excited 'cause I gave you something you  
ain't used to  
Baby if you only knew that we should do it is no secret  
How to slide enough the dirt on the...  
Boy you see me laughing in the stop 'cause yes I  
should be crying  
'Cause the choice on you

Chorus:

I know you thought that I will fall out have a break down  
Aint' a little wait for walk and pull my hand round  
Did you forget is 'cause of me is so fly  
'Cause I ain't forget I ain't forget it

I know you thought that I will fall out have a break down  
Aint' a little wait for walk and pull my hand round  
Did you forget is 'cause of me is so fly  
'Cause I ain't forget, no I ain't forget it

Nervous by the... don't need more explanation be there  
Boy sometimes you make it a chick like this one in a life  
time  
... never do  
All I the shit do is no secret, I guess... on the weekend  
Yeah you see me laughing and you stop  
'Cause yes I should be crying yeah... money 'cause the  
jokes on you  
[2 x Chorus:]
