When you came by this morning,  
Boy, you caught me off guard,  
Who would have thought it would be you  
When I opened the door!  
And it made me realize, yes, I still think of you  
Yes, I still love you man, yes I'm still missing you!  
Yeah, I almost forgot to say I love  
Thinking about how it was before.  
We got to talking, started remembering  
All the times we had, trying to get them back.  
Then you ask if I could take you back.

Chorus:

Oh, I can forgive,  
But I can't forget all the fights that we had,  
I can forgive,  
But I won't forget the way that you hurt me like that!  
I'll never forgive you for cheating, lying and leaving,  
Treating me so bad!  
I'll always love you, but I can't forget,  
So I don't want you back!

Call me selfish, call me scared,  
But I'mma call it common sense,  
Cause my heart ain't prepared  
To try to do this all again!  
Cause I can't let you go, no!  
I can't take the pain, no!  
I can't be with you, no,  
The love will turn in hate!  
Hate to love you like I do,  
Knowing that I'm not over you,  
So don't you make a smile,  
Don't try to bring it back  
To the time we had cause I'm done with that.  
Don't ask again, if I'mma take you back, no, no!

Chorus:

Oh, I can forgive,  
But I can't forget all the fights that we had,  
I can forgive,

But I won't forget the way that you hurt me like that!  
I'll never forgive you for cheating, lying and leaving,  
Treating me so bad!  
I'll always love you, but I can't forget,  
So I don't want you back!

Cause I've been through this before  
And I know exactly where it goes,  
Yeah, yeah, yeah!  
I don't like where it leads,  
So I think I'm taking other road, oh, oh.  
You came back, told me I'll have regrets,  
But at least I know my heart is safe!  
So let's end this, before another mistake is made!

Chorus: (x2)  
Oh, I can forgive,  
But I can't forget all the fights that we had,  
I can forgive,  
But I won't forget the way that you hurt me like that!  
I'll never forgive you for cheating, lying and leaving,  
Treating me so bad!  
I'll always love you, but I can't forget,  
So I don't want you back
