She was a friend of mine, she left with my man  
She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused

I feel so lost, don't know why this has happened to me  
My closest friend, I never would have thought it could  
be  
You were someone, someone I really thought I could  
trust  
But my man you laid and I'm betrayed

She was a friend of mine, she left with my man  
She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused

Thicker than blood, wherever there was me, there was  
you  
My all was your all but that wasn't enough for you  
You had to see and tried to walk a mile in my shoes  
In my head, in my bed, betrayed by my best friend

She was a friend of mine, she left with my man  
She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused

Why? Why? Why? Why?  
Why? Why? Why? Why?

She was a friend of mine, she left with my man  
She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused

She was a friend of mine, she left with my man  
She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused

She was a friend of mine, she left with my man

She lied, cheated, took all I had  
She was a friend of mine, she used what she knew  
She lied, cheated and left me confused
