Sometimes a treasure don't come how you want,  
No shiny paper, no fancy bow!  
But it's the present that you never known,  
That's what you are to me and I love that!  
You don't need to be, out in the spot light,  
Totally cool, staying by my side,  
Don't say much, that look in your eyes  
Tells me all that I need to know!

Chorus:

So don't say it loud, don't say it strong,  
I heard it like that before and it meant nothing at all!  
You're already more beautiful than anything ever,  
So just whisper the words!  
Whisper the words!  
I love you, I love you, yeah!  
I love you, I love you!

It took me a second, but I've finally seen,  
The flashiness is only a cover for insecurity.  
But you came by character or honesty  
And you have them both and that's all I need!

Chorus:

So don't say it loud, don't say it strong,  
I heard it like that before and it meant nothing at all!  
You're already more beautiful than anything ever,  
So just whisper the words!  
Whisper the words!  
I love you, I love you, yeah!  
I love you, I love you!

I know you feel it, I feel it too,  
But before you tell me, don't you be confused!  
It's not about how many times you say it,  
But how it's still living, so just whisper, whisper!  
I love you, I love you!  
I wanna hear everybody say!  
I love you, I love you!

Chorus:

So don't say it loud, don't say it strong,  
I heard it like that before and it meant nothing at all!  
You're already more beautiful than anything ever,  
So just whisper the words!  
Whisper the words!  
I love you, I love you, yeah!  
I love you, I love you
