#### Verse 1

I can feel when you're happy  
When you're near me every heart beats  
Making me feel like it's magic and we have it when it  
happens

#### Bridge:

I wanna scream your name out to the sky  
Let it shine with the stars  
Now that you lit the flame don't let it die just let it burn

#### Chorus

Forever and a day baby that's what I want when I'm with  
you  
You'll never go away baby no one can do me like you  
do  
Forever and a day that's how long I'll be loving you  
You'll never go away I will search this whole world for  
you

#### Verse 2

How could something come between us?  
When it's nothing that can mean as much  
And you whisper that you love me  
While were dancing I lose gravity.

#### Bridge

I wanna scream your name out to the sky  
Let it shine with the stars  
Now that you lit the flame don't let it die just let it burn

#### Chorus

Forever and a day baby that's what I want when I'm with  
you  
You'll never go away baby  
No one can do me like you do  
Forever and a day that's how long I'll be loving you  
You'll never go away I will search this whole world for  
you

Forever and a day heyyyyyyyyy eyyyyy
