I saw you standing
All by yourself
And I had to have you
Like everyone else
And I would have spoke up
I would have asked for a dance
But I know, yes I know
I never had a chance

And you where there like an angel
Sent from above
I wanted to hold you and give you my love
I soon cast aside all those foolish thoughts of romance
Cause I know, yes I know
I never had a chance

Well I've been around some
I've taken up my share
But you're not like the rest of em
And I didn't have a prayer

And that's why I don't give you
So much as a glance
Cause I know, yes I know
I never had a chance
Yes I know, yes I know
I never had a chance
