So So Def

It's a full time get dope spot

Full time dough spot it ain't gon' stop

Keepin' the flow locked

Keepin' the flow locked yeah yeah

C'mon

[Kelly Price]

I got a secret in my heart

And baby it's tearin' me apart (yeah)

Cuz I want the world to understand

That I love you and you are my man

Baby, we know that we belong

A love that's real just can't be wrong

Can't keep it inside for very long

This love is too strong

So, when you're not here, I got (yeah, yeah)

I got a secret that I want you to know, baby (c'mon)

[Chorus]

I can't hide what I'm feelin' inside

Boy, it's killing me, baby

So, why can't they see that I

I can't hide what I'm feelin' inside

Everyone should know

So, just let it show, baby

Boy, I feel it's time to let it go (uh huh)

You stayed on the hush, we can't belong (yeah, yeah,
yeah)

But I need to let my feelings show

I can't take it no more

So, when you're not here, I got (yeah, yeah)

I got a secret that I want you to know, baby (c'mon)

[Chorus]

[JD]

Uh, huh, y'all wanna dance?

Yeah, yeah, yeah

Here we go

[Kelly Price]

I'm yours (say what)

I'm yours, I'm yours

I belong to you

You're mine

Your world, should be mine

You belong to me (uh huh)

Why can't they see this feeling in me?

Yeah, yeah, yeah, yeah

Cuz I can keep a secret

[Da Brat]

Uh, ah, c'mon

I must release this, we can't keep it a secret

A hush-hush, need you in my life to complete it (yeah)

Cuz ain't nobody like us together, let's grow old together

We never both do whatever we want, believe it

When you get mad or heated, I want the world to see it

When you happy, my purpose never defeated

You got me walking around helpless with no hope

I'm high off you, selfish, with my dough, no

Picture a vision of me and you

It will never be another lover like

Ooh, ooh, LaShaun

Make noise with your homeboys

Say, they knowin' how we been keepin' you quiet long enough

When I feel inside strong enough to bust

Open up the hard, the hardest thug

Hop on his wood when he need love, can't hide

They see me shine when I ride this (yeah, yeah, yeah)

Let's blow quiet reminds just you and I boy (yeah, yeah, yeah)

[Chorus to end]

[JD]

Check it out

Y'all know how we do it over here, huh

Y'all know how we do it over here, huh

Y'all know how we do it over here, huh

Y'all know how we do it over here, huh

C'mon

Yeah, yeah, yeah, yeah

So So Def
