[verse 1]

Disco dancin with the lights down low
Beats are pumpin on the stereo
Neighbours bangin on the bathroom wall
Ya sayin crank the bass i gotta get some more

Waters runnin in the wrong direction got a feeling its a
mixed up sign
I can see it in my own reflection, Something funnys
going on inside
Now i dont know what is pushing me higher, its the
static from the floor below
And then it drops and catches like fire, its the sound o'
its the sound o'....

[chorus]

Its the sound of the underground,
the beat of the drum goes round and round
Giving to the overflow
The girls are gettin down to the sound of the radio
up to electric night
The bass line jumps in the backstreet light
the beat goes around and round
its the sound of the under sound of the underground

[verse 2]

Chain reaction running through my veins
Pumps the bass up up into my brain
Screw my mind until i lose control
And when the building rocks i know its got my soul

Waters runnin in the wrong direction got a feeling its a
mixed up sign
I can see it in my own reflection, Something funnys
going on inside
Now i dont know what is pushing me higher, its the
static from the floor below
And then it drops and catches like fire, its the sound o'

its the sound o'....

[chorus]

[verse 3]

I dont know what is pushin me higher
its the static from the floor below
and then it drops and catches like fire
its the sound o' its the sound o' its the sound o' its the
sound o'
(ooooooooohhhhhooohhhhhhhwwaaa)

[chorus]

(The bass line jumps in the backstreet light)

Its the sound of the under sound of the underground

(The bass line jumps in the backstreet light)

Its the sound of the under sound of the underground
