My man, boy, you give me
Fever when you're near me
I can't find my words
I'm speechless, all choked up

Your eyes
It got me feelin' dizzy in the head, oh, yeah
And your smile
It's taken my thoughts off again, off again

Like a TV on mute, you got me
Speechless
Like a black and white silent movie
I'm speechless
Can't think what to do, I don't know what to say
'Cause I'm feeling some kind of way

My man, boy, you give me
Fever when you're near me
I can't find my words
I'm speechless, all choked up

Tongue tied
Like how many would ya? If I should or could ya
Kiss me
And make it all better

Like a TV on mute, you got me
Speechless
Like a black and white silent movie
I'm speechless
Can't think what to do, I don't know what to say
'Cause I'm feeling some kind of way

My man, boy, you give me
Fever when you're near me
I can't find my words
I'm speechless, all choked up

Hush, quiet
While I'm listening to your breathing
I'm trying

But the view takes over me

There's so much I say to you
But I can't seem to make it through
And little words I've been to do
'Cause I'm falling for you

My man, boy, you give me
Fever when you're near me
I can't find my words
I'm speechless, all choked up

My man, boy, you give me
Fever when you're near me
I can't find my words
I'm speechless, all choked up
