Ah, yeah, yeah, ah  
Ah, ah, ooh

(Got me vexed)  
If I had me a nickel for each time I rescued him  
(Got me stressed)  
If I had a dime for each time he told me lies

(I'm a mess)  
If I had a dollar for each time I said we're though  
(I'm upset)  
'Cause all day and night, he stays on my mind  
And something ain't right now

It ain't right and I'm a mess  
I'm so mad he got me vexed

There is something 'bout the way he makes me feel  
Kinda hard to make you see but when he's near me I  
get weak  
So good, he's bad and when he's bad he's even better  
Break free I won't ever live in pain or live in pleasure

(Got me vexed)  
If I had a way that I could repay the pain  
(Got me stressed)  
So let's press rewind and playback the times you  
strayed, yeah

(I'm a mess)  
If you have a heart, you'll treat me the way you should  
(I'm upset)  
We're fussing and fighting most of the time  
'Cause something ain't right here

It ain't right and I'm a mess  
I'm so mad he got me vexed

He gets me going anytime and anywhere  
Got a man who treats me better but the loving don't  
compare  
I tried to forget about him, I tried to let him go

Ain't easy to just say no when the love of a man has got  
you vexed

(Got me vexed)

If I had me a nickel for each time I blushed just a little

(Got me stressed)

Yeah, if I had a dime for all the signs that warned me

(I'm a mess)

If I had a dollar for every I love you said

(I'm upset)

I leave and I stay, I can't walk away from you 'cause  
you're

It's kinda like you're underneath my skin

It's kinda like we're making love again

It's kinda like I'm [Incomprehensible]

It's kinda like you got me vexed

It's kinda like I'm so in love with you

It's kinda like I'm feeling sad and blue

It's kinda like I wanna make you cry

It's kinda like you got me, got me

(Got me vexed)

If I had me a nickel for each time I rescued him

(Got me stressed)

Yeah, if I had a dime for every time you told me lies

(I'm a mess)

And if I had a dollar for each time I hollered and  
hollered

(I'm upset)

Oh baby, yeah

(Got me vexed)

Ooh, ooh-hoo, you got me

(Got me stressed)

So sad and blue, in love with you

(I'm a mess)

Yeah, ooh baby

(I'm upset)

Oh, you got me vexed
