Hold up,stop wait a minute
I gotta admit it shorty you did it
And gotta lie to you,
Hold up,stop play that good
Girl are u doin it to me
Let me see u in the gut im steaming looking u up
And down,down and up 'cause u down or what?
Oh and we both run both on the phone,
But we don't gotta play them games,
When we we both grown.you know

Kelly:
It's been a minute,we been talking on the phone,
Lookin on a two way to me.oh
And im about to lose my mind
You say u wanted me baby,baby it's way to long
It's time to quit playin,lets get it on
'cause imma show u im for real.(for real)
I'm gonna make u want me,I'm gonna make u come
see me
Never gonna want no one but me.
Oh...im gonna make u mine
I'm gonna make u want me,I'm gonna make u come
see me
Never gonna want no one but me.
Oh baby ,im gonna make u mine
Make u wanna stay baby ,
Make u wanna stay baby
Im gonna,make u wanna stay baby
Im gonna,make u make u,
Make u wanna,make u wanna stay baby

Make u wanna stay baby ,
Make u wanna stay baby
Im gonna,make u wanna stay baby
Im gonna,make u make u,
Make u wanna,make u wanna stay baby
