Everybody held their breath when you walked in
Guess no one thought to tell me you were back in town
again

Everyone remembers how you shut me down
And let me tell you jaws were dropping
Left and right when we walked out
It's so good to see you now
It's as though you were never gone
Even after all this time
And I want you more than ever
And I know you can never be mine
You don't have to stay forever
You don't have to stay forever
You don't have to stay forever
Maybe you could stay tonight

Arm in arm out strolling down on Riverside
Two broken hearts beating fast and right in time
I got nothing to loose I might as well lay it on the line
And I don't want to be alone so wont you stay with me
tonight

It's so good to see you now
It's as though you were never gone
Even after all this time
And I want you more than ever
And I know you can never be mine
But you don't have to stay forever
You don't have to stay forever
You don't have to stay forever
You don't have to stay forever
Maybe you could stay tonight

No one feels the same against my skin
Feels so right just to be with you again
I'm still not over the first time you let me go
But I don't hold that against you
And I wanted you to know

It's so good to see you now
It's as though you were never gone

Even after all this time
And I want you more than ever
And I know you can never be mine
You don't have to stay forever
You don't have to stay forever
You don't have to stay forever
Maybe you could stay tonight
