We want two different things at two different times
You know how the story goes
Easy come, easy go
If I could change everything overnight I'd just might try
But then again

You know how it goes
Make up just to break up
Fighting in the evening
Regret it when we wake up
True colors get shown
Feelings change like the seasons
I had to leave you alone
You give me too many reasons

[Pre-Chorus]

Tried your love at five in the morning
I never thought that you would hurt me
Yea, baby, you sure did, I put up with your shit
How did I ignore it
Why you acting like it ain't five in the morning
When you know you ain't worthy
See I just need someone to come and pick me up

[Hook]

Cuz I've been down on love, lately
Lately I've been down on love
I've been down on love, lately
Lately I've been down on love

You know what they say
You win some you lose some
Forgot about that old love
Looking for a new one
But you know what they say
(don't be looking for love, looking for love)
Because when I needed you were out
You just let me down

[Pre-Chorus]

Tried your love at five in the morning

I never thought that you would hurt me
Yea, baby, you sure did, I put up with your shit
How did I ignore it
Why you acting like it ain't five in the morning
When you know you ain't worthy
See I just need someone to come and pick me up

[Hook]

Cuz I've been down on love, lately
Lately I've been down on love
I've been down on love, lately
Lately I've been down on love

We want two different things at two different times
You know how the story goes
Easy come, easy go
If I could change everything overnight I'd just might try
But then again

Would you be the same
Would you give it all up
Would I be the only one wanting out your name
Would you return the favor
Would you do the same
Could I be the only one calling out your name

[Hook]

Cuz I've been down on love, lately
Lately I've been down on love
I've been down on love, lately
Lately I've been down on love

I've been down on love, lately
Lately I've been down on love
I've been down on love, lately
Lately I've been down on love
