Yeah

Feel real good

Mirrors on the ceiling

Cameras on the corners of the be-ed

Yeah

I barely know you

But I'm feeling

Like you really did something to my he-ead

Yeah

Its close to midnight

And I just wanna be up in your ha-air

Yeah right on

And I'll be alright

As long as I feel your body right the-ere

It seems so crystal clear

I know that

Every bodies

Somebodies

Freak

Say it again

Say it again

Every bodies

Somebodies

Freak

The question is

Who's to you

Right on

Can I be your your your your your

FREAK

Can I be your your your your your
FREAK

Don't need no television
I'll just watch your body going do=own
Yeah

I'll touch you with precision
Go crazy when you make those so-ounds
Feels like the best dream
But this time baby
You can be the star
A freaky sex dream
Read your lines
Make sure you play your parts
And when you get next to me
Turn the lights out

Every bodies
Somebodies
Freak

Say it again
Say it again

Every bodies
Somebodies
Freak

The question is
Who's to you
Right on

Can I be your your your your your
FREAK

Can I be your your your your your
FREAK

Can I be your your your your your
FREAK

Can I be your your your your your
FREAK

Vases
Chandeliers
Glass of wine
Can of beer
Alcohol came interfere

Here's the wheel
Can you steer
Don't need to get senalier
You perform
I will cheer
You can scream
No one hears
Feature face
No one cares
The floor appears to be yours
Go head
Pop the champagne
It's like were on a world tour
The sex will be your campaign cause

Every bodies
Somebodies
Freak

Say it again
Say it again

Every bodies
Somebodies
Freak

The question is
Who's to you
Right on
Can I be your your your your
Your FREAK
Can I be your your your your
FREAK
Can I be your your your your your
FREAK
Can I be your your your your your
FREAK

I think that's enough
Turn the lights on...
