I knew I was in trouble when I bought that first drink
You said your name was Tony and it was nice to meet
I prolly shoulda listened to my girls warning me
By then the room was spinning and I couldn't think
I can't even remember our conversation
How'd I get myself in this situation?
He wasn't taking no for an answer I was tryn' to run
And now we're waking up at your house
And it sucks
I shouldn't've kissed you I should've just danced
But I was so tipsy I was caught in a trance
See I got a boyfriend and you got a girl
And they're both the centerpiece of our whole world
We're gonna be sorry
We're gonna be sorry
When we wake up in the morning
Damn I got a hangover (3xs)
Damn
Woke up with a headache and you right next to me
It's sad to say I really can't remember a thing
I'm already regretting what I don't know we did

It would be even better if I remembered it

I hate I can't remember our conversation

Or this whole effed up situation

I shoulda told you "no" from the jump
Stopped after one

Now we're wakin' up at my house

And it sucks

I shouldn't've kissed you I should've just danced

But I was so tipsy I was caught in a trance

See you got a boyfriend and I got a girl

And they were the centerpiece of our whole world

We're gonna be sorry

We're gonna be sorry

When we wake up in the morning

Damn I got a hangover (3xs)

Damn

My head is spinning like a merry-go-round

My heart just about hit the ground

When I think of what we did

Shots of tequila shots of Patron

After the Nuvo I was gone

I took advantage but you let me in

Can't let this happen again

I shouldn't've kissed you I should've just danced

But I was so tipsy I was caught in a trance

See I got a boyfriend and you got a girl

And they're both the centerpiece of our whole world

We're gonna be sorry

We're gonna be sorry

When we wake up in the morning

(Repeat)

Damn I got a hangover

Damn I got a hangover
