It feels like the time is slower than ever
Im losing my cool
And in my mind Im thinking when will I ever
Get closer to you
Way too far, way too far, way too far
Thats the part I cant see it was getting hard
Couldve at least shown where an angel be back where
you are
Where you are, where you are

Cause I need your love like yesterday
I need your love like yesterday
Spending time apart really helped me realize
Youre my other half, just let our bodies free our mind
When we are together, yeah, you know it feels like
It dont get no better, just say its forever

You know that Im yours, love me till I die
You know that Im yours, love me till I die
You know that Im yours, love me till I die
You know that Im yours, love me till I die

They say absence makes the heart grow fonder
Every time you leave its a little reminder
Everything you need, yeah, you got it like that
Baby, bring my heart back

Cause I need your love like yesterday
I need your love like yesterday
Spending time apart really helped me realize
Youre my other half, just let our bodies free our mind
When we are together, yeah, you know it feels like
It dont get no better, just say its forever

You know that Im yours, love me till I die
You know that Im yours, love me till I die
You know that Im yours, love me till I die
You know that Im yours, love me till I die

Ill be right here, baby dont hold back
Come and get all of this love

Ill be right here, baby dont hold back
Come and get all of this love
Ill be right here, baby dont hold back
Come and get all of this love
Get all of this love, get all of this love

Ill be right here, baby dont hold back
Come and get all of this love
Ill be right here, baby dont hold back
Come and get all of this love
Ill be right here, baby dont hold back
Come and get all of this love
Get all of this love, get all of this love

You know that Im yours, love me till I die
You know that Im yours, love me till I die
