[Kelly Rowland]
Go, go, go, go (2x)

[Lil Wayne]
Turn the light off

[Kelly Rowland]
Whoa lover, don't you dare slow it down
Go longer, you can last more rounds
Push harder, you're almost there now
So go lover, make mama proud

[Lil Wayne]
Turn the light off

[Kelly Rowland]
And when we're done, I don't wanna feel my legs
And when we're done, I just wanna feel your hands all
over me, baby
You can't stop there, music still playin' in the
background
And you're almost there
You can do it, I believe in you, baby
So close from here

Baby Imma be your motivation
Go, go, go, go
Motivation
Go, go, go, go

Oh Lover,
When you call my name
No other,
Can do that the same
I won't let ya get up out of there again,
No so go lover, don't it make me rain

And when were done, I don't wanna feel my legs baby
And when were done, I just wanna feel your hands all
over me baby
but you can't stop there, music still playin' in the

background
And you're almost there
You can do it, I believe in you baby
So close from here

Baby Imma be your motivation
Go, go, go, go
Motivation
Go, go, go, go

[Lil Wayne]
Uh, girl girl I turn that thing into a rainforest
Rain on my head, call that brainstorming
Yeah this is deep, oh but I go deeper
Make make you lose yourself, and finders keepers
It go green light, go go Weezy go
I like to taste that sugar, that sweet and low
But hold up wait, new position
I put her on my plate, then I do the dishes
She my motivation, I'm her transportation
Cause I let her ride, while I drive her crazy
Then then I just keep going going like I'm racing
When I'm done she hold me like a conversation
Weezy, baby

[Kelly Rowland]
And when were done, I don't wanna feel my legs
And when were done, I just wanna feel your hands all
over me baby
But you can't stop there, music still playin' in the
background
And you're almost there
You can do it, I believe in you baby
So close from here

Baby Imma be your motivation

Go, go, go, go
Go, go
