We don't need a reason
Ah ah ah ah ah aha

[Future]

We done made a bond, let's have some fun
Imma treat you like a stripper worth a thousand ones
We was in the bedroom when we first begun
You are wetter than a pond yea you wetter than a pond
I'll give you part me that make you fall in love again
We did it in the Benz, feel like it would never end
We breaking all rules, these rules were meant to bend

[Kelly Rowland]

Yeah, kiss it right there right there call me baby
I love it when you are doing that thang right there, that there drives me crazy
And I am gonna pick it up pick it up boy can you put it down start up on the chair
then we end up on the ground
Yeah I like the way that sounds
Cause I am in need of love
So let us make it
We don't need no rules
So let us break em' break em'
We don't need a reason we just need a place
Hands on my body like uuu uuu all day
We don't need a reason

Yeah Set the room on fire light it up boy
Yeah I need another fix you the drug boy
And Ima pick it up pick it up
Baby can you put it down start up on the chair then we end up on the ground
Yeah I like the way that sounds
I ain't gonna never tell you no no no
Here we are are are, I put on a little show show show
Look at your star
We gon' do it all night long start to finish,
And the bedroom's only the beginning
So baby boy love harder, give it to me harder
Boy love me cuz I'm in need of love
So let us make it
We don't need no rules
So let us break em' break em'
We don't need a reason we just need a place
Hands on my body feel like uuu uuu
All day we don't need a reason
We don't need no reason

[Bei Maejor]

Something about the way that thang poke no joke

Sure got a nigga going crazy crazy

I can't believe I haven't sent a couple kisses

To your naval baby lately, lately

See, this gon all change tonight

You and I haven't been up in ages, ages

This might take a minute thinking, maybe we should cancel dinner reservations

I was up in the club wasn't looking for love when I found you

The way your hips in tune with the bass, I can't see nobody else around ya

I'ma make you feel like you just hit the lotto

Something like, Yes, Yes, Yes,

Yea, I'm saying what's the point of quickie?

We don't need a reason, just a place to kick it

You can get it Uh, sing it to me girl

[Kelly Rowland]

Don't be afraid, I like it like that

Take care of me, I get you right back

Slow down a little bit, I'm right there

Yes, it's right there

Stay right there

Don't be afraid, I like it like that

Take care of me, I get you right back

Slow down a little bit, I'm right there

Yes, it's right there

Stay right there

Cuz I'm in need of love so let's make it boy (I'm in need of love)

We don't need no rules so let's break 'em, break 'em (let's break 'em)

We don't a reason, we just need a place

Ends in my body like (u u u u u u) all day

We don't need a reason

You don't need a reason
