No way to stop it

I wonder
If he knows I've been watching him
And I wonder
If he knows I can feel him
And I wonder
In my dreams when I'm sleeping
And I'm keeping him close to me

I'm thinking
He's the thunder, I'm the lightning
And I'm thinking
Maybe we can come together
And I'm thinking
We can bring the rain
With a lovely breeze with such harmony

Like a train on the track, like spokes inside a wheel
Involuntary motion like rolling down hill
And there's no way to stop it

It's a natural thing like sunrise and dusk
Snowflakes, waterfalls, same thing with us
And there's no way to stop it once you fall in love

I'm glowing
An overflow of happy laughter
I'm growing
Closer to you more than ever
I'm blowing
Daffodils and kisses, baby breath and roses
Gently touching noses

I'm sailing
Without a destination
I'm sailing
Explore uncharted places
I'm exhaling
No more lonely seasons, I'm underwater breathing
Drowning in the sea of love

Like a train on the track, like spokes inside a wheel
Involuntary motion like rolling down hill
And there's no way to stop it once you fall in love

It's a natural thing like sunrise and dusk
Snowflakes, waterfalls, same thing with us
And there's no way to stop it once you fall in love

I heard a song bird, a seed came through the earth
Strangers holding hands, a crowd cheering in the stands
I've already seen all the evidence
It's obvious love's in the air again

Saw dark clouds blow, chased by rainbows
Saw two roses bloom just like me and you
Caught up in the magic I can't pretend
It's obvious love's in the air again

There's no way to stop it, ain't no way
Boy, you and I
Are L U V in love, you see
That you and I are L U V in love

There's no way to stop it, ain't no way
Boy, you and I
Are L U V in love, you see
That you and I are L U V in love

Like a train on the track, like spokes inside a wheel
Involuntary motion like rolling down hill
And there's no way to stop it

It's a natural thing like sunrise and dusk
Snowflakes, waterfalls, same thing with us
And there's no way to stop it

Like a train on the track, like spokes inside a wheel
