[Missy Elliott]

I've been through it all before
that nigga ain't c'mon back thru my door
I couldn't help it, anymore
so all your messages I'll ignore

[LaTocha Scott]

you made me believe, that I was your everything
and then you turn and leave me with none [ohh yah]
now I stay here crying every night
wishing you were here with me, but you can't be

[both - hook]

no matter what you say
you can no longer hurt me
It's over now
get your bags, your out
I don't need your kiss no more ohh!
no matter what you say
you can no longer hurt me
It's over now
so get the hell on out
cuz I don't need your touch no more ohh!

[Missy Elliott]

I used to think I was in love
but now I now that I wasn't
