I really hate to see the look on your face
You looking like someone came and rained on your parade
And I know it kills to feel those tears in your eyes
But I guess your conscience finally caught up with your lies

But when my tears dried, where the hell were you
It's okay, boy ive changed and I aint been here waiting
So I wont pretend to feel bad for you
Cause since you left I aint cried since
And boy I like it that way

I can say im done, in a million ways
But let's not beat around the bush
Let's cut to the chase
You changed, I changed
It's too late, i'm so through, too cool, oh yeah
And if our love was a game, you just lost
You changed

I know you hate to see this look on my face
Im sure that you can see real clear a little lying goes a long way
And if you think id waste more tears
Boy you're crazy
And maybe you should get yourself a miniute, dont delay
But you let the ball drop, too bad for you
But its okay, boy im straight my whole life's amazing
So I wont pretend to feel for you
Cause since you left I aint cried since
And boy I like it that way

I can say im done, in a million ways
But let's not beat around the bush
Let's cut to the chase
You changed, you changed
It's too late, i'm so through, too cool, oh yeah

And if our love was a game, you just lost
You changed I changed

Why you wanna bring you down the clues
Boy what do you expect for me to do
You prayed you wanna have a life too
But you can save your 'sorrys' and your 'I love yous'

I can say I'm done, in a million ways
But let's not beat around the bush
Let's cut to the chase
You changed, I changed
It's too late, i'm so through, too cool, oh yeah
And if our love was a game, you just lost
You changed I changed
